To whom it may concern,

Savannah has been with our Limassol Volleyball Club since the age of 10. From a young age, she displayed exceptional qualities and stood out on the court. During her time with us, we have watched Savannah develop into key team player who has a positive influence on those around her.

Savannah possesses a natural ability to play in various positions on the court. While she predominantly plays as an outside hitter, she thoroughly enjoys taking on the Libero role. This versatility makes her an invaluable member of our team.

Her skill set includes aggressive jump serves, powerful approach and arm swing when hitting, strong passing form, and ability to read the ball on defense.

Her competitive nature and dedication to teamwork have consistently helped the team navigate difficult and high-pressure moments during matches. When "the game gets really tight," Savannah is one player I can always count on to remain composed and inspire her teammates. Her focus and consistency have significantly contributed to our team's success, including multiple championship titles for the U18 and the U16 teams, most notably during the 2022-23 and 2023-24 seasons.

Savannah dedicates several hours each day to training. She is always one of the first to arrive and the last to leave the court. Currently, she is part of our women's team, competing in Division 1 of Cyprus league. This commitment requires her to train twice a day, combining fitness sessions with team practices. Off the court, Savannah is a role model for her teammates, consistently encouraging others to perform at their best. Her strong academic performance demonstrates her ability to balance the demand of sport and education effectively.

She is highly coachable, quick to implement feedback, and always striving to improve her game. Savannah has the potential to thrive in a university volleyball programme, bringing not only skill but also an unwavering commitment to her team and personal growth.
